

Position: Security Technician
Classification: FULL-TIME PERMANENT
Location: Edmonton & Northern Alberta
Date of Posting: September 19, 2013

QUALIFICATIONS

1. Must be experienced in the installation, maintenance and programming of commercial security systems.
2. Must be bondable and be able to pass a vulnerable sector police CPIC check.
3. Minimum 2 years security installation experience.
4. Must have a valid Alberta drivers licence and have a good driving record.

RESPONSIBILITIES

The successful candidate will have the ability to install commercial security, video and card access systems. Preferred experience is in commercial alarm systems such as Honeywell and DSC. Travel will be required around Northern Alberta from time to time which may require periods of extended stay. The technician will be responsible for completing work orders, ensuring correct materials are taken on projects, and maintaining accurate and detailed field notes. The successful candidate must be able to work independently and within a team, and have the ability to make quick decisions and demonstrate an ability to work with customers and provide exceptional customer service.

REMUNERATION: Hourly Wage – amount based on experience
Employer medical and dental benefits plan
Employer RRSP plan
