

For Immediate Release

PL Technology Solutions Partners with MetOcean

Dartmouth, Nova Scotia (June 29th, 2020) MetOcean Telematics (MetOcean), is pleased to announce the appointment of PL Technology Solutions Inc. (PL Tech), a Price Langevin company, as its Exclusive Canadian Representative for MetOcean's suite of security tracking products.

PL Technology Solutions Inc. (PL Tech), located in Edmonton, Alberta, is an independent Technical Security firm specializing in High Technology Solutions for Law Enforcement, Military, Intelligence and Government Agencies. PL Tech holds extensive experience in application-based solutions, service, and support for law enforcement operational requirements.

Through this strategic partnership, PL Tech and MetOcean will be positioned to provide end-to-end sales, service, and support to Canadian Law Enforcement and Security personnel throughout Canada. Effective immediately, Law Enforcement Agencies can take advantage of this coast-to-coast coverage with PL Tech and MetOcean.

"We are excited to partner with PL Tech. Canadian agencies are looking for new and affordable tracking solutions and with this partnership we can meet those needs. PL Tech has proven they have the best expertise in local market and beyond, providing first-class, technical sales support and customer service to their law enforcement clients." – said Andy Osburn, MetOcean VP, Sales and Business Development.

MetOcean Telematics corporate headquarters, including the research and development and production facilities, are in Dartmouth, Nova Scotia, Canada. The company develops and manufactures state-of-the-art data acquisition and end-to-end telematics solutions, with a focus on niche MetOcean solutions and custom Defence and Security products. As a prominent global Iridium Satellite Value-Added Reseller focused on hardware solutions, data services, and support, MetOcean Telematics is a leader in the satellite communications industry.
